

Cold Chain Handling

Read-only preview

OWNER

Operations Lead

CADENCE

Daily

PURPOSE

Track storage temperatures, package refrigerated products, and escalate excursions quickly.

Sample procedure sections

1. Scope and responsibilities for the workflow owner.
2. Step-by-step procedure with evidence expectations.
3. Exception handling, escalation, and documentation rules.
4. Training acknowledgement and revision-control prompts.

Compliance note

Templates are starting points. Adapt them to your pharmacy, state, accreditation standards, and qualified counsel guidance.
