

Quality Checks & Dispensing Accuracy

Read-only preview

OWNER

Staff Pharmacist

CADENCE

Every dispense

PURPOSE

Define final verification, error prevention, peer checks, and corrective action documentation.

Sample procedure sections

1. Scope and responsibilities for the workflow owner.
2. Step-by-step procedure with evidence expectations.
3. Exception handling, escalation, and documentation rules.
4. Training acknowledgement and revision-control prompts.

Compliance note

Templates are starting points. Adapt them to your pharmacy, state, accreditation standards, and qualified counsel guidance.
